# ARROWWOOD HILLS NEWSLETTER

---

## Changes to the AHC Newsletter

The Communications Committee is in the process of making changes to the newsletter. The Committee is also looking for new members. The Communications Committee is tasked with identifying and addressing the communication needs of the cooperative. These include (but are not limited to) developing initiatives for effective communications between member-owners and management, putting together the monthly newsletter, and making improvements to the Arrowwood website. If you are interested in serving on the Communications Committee, please contact Frederique at [REDACTED]. The Communications Committee values the diverse voices of all of our members and welcomes members whose primary language is not English.

## Hiring of New Site Manager

A notice was sent out informing the Arrowwood community that Carletta Edwards had left the position. The Board of Directors will be conducting a thorough search to attract a candidate who has the professional and technical skills, as well as the relevant experience, to serve as manager for Arrowwood. The Communications Committee will provide updates when they are made available.
